

Project: **Mendocino Street**
Location: **Los Angeles, California**
Type: Single-Family
Size: 3488 sq. ft.

Decadent finishes and attention to detail accentuate this one-story renovation in the foothills of the San Gabriel mountains. Arched openings and exposed joinery bring the Spanish style character indoors. Along with a renovation of all finishes and fixtures, 1,500 sq. ft. was added, including a new Master Suite, Kitchen, and Sun Room.
